Article Title : Association between Socio-Demographic and the culture of food taboos in pregnancy in Bengkayang Health Center, West Kalimantan

1. This manuscript is an original work, unfabricated, unfalsified, un plagiarized, and it has not been previously published nor is being simultaneously submitted elsewhere.
2. The authors have made substantial contributions to the work reported in the manuscript and agree that the manuscript will be under review for publication in Al-sihah: The Public Health Science Journal;
3. This manuscript will not be withdrawn before it was decided whether the manuscript is accepted or rejected.
4. If the study includes participation of human beings or animals, we will fill out the compliance/assessment by an ethical clearance.
5. Authors retain copyright and grant the journal right of first publication with the work simultaneously licensed and are able to enter into separate, additional contractual arrangements for the non-exclusive distribution of the journal's published version of the work (e.g., post it to an institutional repository or publish it in a book)

With our signatures, We declare the accuracy of these specifications.

(Authors should be listed in the exact order as appearing on the title page of the manuscript. Feel free to copy and add more tables for additional authors if needed, likewise delete the excess if not used. All authors must sign this form).
